COVID-19 Response

4

ambulances, 2 four-wheel drive vehicles and 1 PCR extraction machine purchased to strengthen disease surveillance and response

130

Environmental Health Technicians (EHTs) were trained on disease surveillance and are now deployed

580

VHWs recruited, trained and deployed increasing the coverage in the targeted districts to at least 81% of villages with VHWs

812

community peer supervisors were identified and oriented on supportive supervisory, mentorship and coaching skills

168

health workers from 19 Health Facilities (7 ZIRP-supported mission hospitals and 12 Regional Council Clinics) were trained on case management and IPC ; and are now deployed

36

EHTs provided with laptops, tablets and phones to use in disease surveillance

18

motorcycles procured for delivery specimen transportation

5,743

specimens have been transported to government labs for testing

10

art murals have been completed for community messaging targeting nearly 2.5 million people indirectly in the 9 ZIRP districts

5

ZIRP-supported mission hospital labs received supplies and consumables

4,276

UNICEF VHWs and 9 UNICEF Health training centres in Chimanimani and Chipinge districts received PPEs and IPC

Design works for rehabilitation of **12-bed** isolation ward at St. Peters Hospital was completed

In addition to procurement of PPE, ZIRP is supporting the health systems response to COVID-19 through capacity strengthening at institutional and community level by reinforcing COVID-19 surveillance, lab support, case management, IPC, including RCCE and continuity of essential services in line with the COVID-19 National Response Plan and priorities.
